EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the Specification:

Page 1, line 2, after "This application is ... August 31, 2000", insert --, now U.S. Patent No. 6,395,145--.

In the amendment after final filed May 11, 2004:

Page 2 of the amendment, replace the status indicator "previously cancelled" as indicated to claims 1-5 with --canceled-- and all the status indicators "previously amended" as indicated in claims 6 through 9 with --previously presented-- to conform with the current rule in indicating the current status of all the claims.

2. The following is an examiner's statement of reasons for allowance: Because rejected claims 1-5 and 10-13 have been cancelled and dependent claim 9 has been

amended to overcome the second paragraph of 35 USC 112, previous rejections to the above claims are no longer maintained and claims 6-8 and amended claim 9 are allowed for reasons as of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
